

Make some *Magic*

by learning *WHAT'S IN* and *WHAT'S OUT* at *RecycleCT.com!*

*Want to see a
magic trick?
I can change into
a coloring book!*

*So can I!
And lots of
other things.*

Bet you didn't know you're a magician!

Toss your empty milk cartons and juice boxes into the recycling bin and **POOF!** They're amazingly transformed into something new, like paper or the roof on your house.

That's the magic of recycling.
Easier than pulling a rabbit out of a hat!

Oh, but put your straw in the trash where it belongs.

It's important to recycle the right way every time because it means you're helping save the planet. Which kind of makes you a superhero, too.
